**Report on Computer Literacy Program
for Senior Citizens**

If we talk about 21st century then all we can think about is how the world got changed through technology. Everything involves computers and electronically programmed machines. Everything is available on digital platforms. Our country is also on the path of digital revolution introducing various new online application and digital method to conduct the government works and needs. So its our responsibility that we should also grow, get updated about digital world and help the country to work in full potential. To come close to countries vision of digital development Students of Sandip Foundation's Department of Information Technology, SITRC started the organization "SAKSHAR". Sakshar started on 15 August 2015 with merely 15 IT engineering students with sole purpose of educating the public with digital literacy. As the modern world is all about computers and online network , people need to be acknowledge about digital transformation currently being going on. Until now we have helped 500 plus people including senior citizen.

The moto of sakshar is spreading awareness of technology as its uses where there is absence of it.

Internet and computer comes very handy in today world. Emails, e-commerce , e – reservation, e-banking , e-shopping all done on digital devices. There is a need to develop the use of these devices among the current generation so they can gain maximum benefit of information all around the globe. The young generation should be taught the digital literacy as it the main communication medium and in future it should not be a barrier for the young generation as well as the working generation who are indeed dependent on latest technology. Digital transactions, online bills, travel booking all these are updated online so people need to be able to use these basic task , for that we help them to learn as much as they can

The citizens who are unaware of digitalization and the benefits of it lives in the literacy gap and away from the digital literacy. these citizens unaware of the digital resource makes them lack from the rest of the world. To connect the gap of this illiteracy of digitalization, digital knowledge enlightenment is must. Digital literacy connects the bridge between the people and the knowledge of digitalization. This is where sakshar comes to play. Sakshar is trying upmost to spread digital literacy by all means possible..

Chairman Dr. Sandipkumar Jha, Head of Department Mr. Amol Potgantwar, Principal Dr. S.T.Gandhe Sir, Congratulate Prof. Pravin R. Pachorkar, IT students and staff of IT Department for this great event.

ज्येष्ठांना टेक्नोस्मार्ट बनविणार संदीप फाउंडेशनचे 'साक्षर'

कॉलेज रोड : साक्षर उपक्रमांतर्गत सोमवारी चर्चा करताना संदीप फाउंडेशनचे विद्यार्थी.

► पान १ वरून

आपल्या घरी आईला फेसबुक, व्हाट्सअप वापरता येत नाही. ऑनलाइन विले भरता येत नाहीत. अशा विविध अडचणी जवळून वधितलेल्या या युवकांनी स्वतःच्या कुटुंबीयांना याबाबत साक्षर केले आहे. पण आता शहरातील कुटुंबांचे घरात ही अडचण उद्भवू नये, यासाठी इच्छुक सर्वांना स्मार्टफोन, संगणकाचे प्रशिक्षण दिले जाणार आहे. यासाठी विविध परिसरात केंद्रे उभारली जाणार असून, त्याद्वारे हा उपक्रम पुढे नेला जाईल.

विद्यार्थी म्हणतात...

शेजारी राहणाऱ्या आर्जीचा मुलगा सॉफ्टवेअर इंजिनिअर असून, तो ऑस्ट्रेलियात राहतो. आर्जींना त्याच्याशी बोलण्याची खूप इच्छा होती. परंतु त्यांना तंत्र माहिती नव्हते. स्काईपवरून त्यांचे बोलणे करून दिलेच, सोबत त्यांना

हे तंत्रही शिकविले.
- प्रतीक टकले

एक दिवस महाविद्यालयात असताना घरातील कॉम्प्युटरवर सेव्ह केलेली महत्त्वाची फाइल हवी होती. परंतु, आईला मेल्लेद्वारे ती सेव्ह करता आली नाही. ही गोष्ट खटकल्याने स्मार्टफोन कसा वापरतात, कॉम्प्युटर कसा वापरतात, याबाबत आईला माहिती दिली. इतरही वडीलधान्यांना

याबाबत प्रशिक्षण दिले जाईल.
- तेजस रायळ

वडील मर्चंट नेव्हीत असल्याने आयएसडी कॉलवरूनच बोलणे होत असे. परंतु माहिती, फोटो शेअरिंगसाठी तेथील अन्य कर्मचाऱ्यांची मदत घ्यावी लागत होती. सुट्यांमध्ये वडील घरी आल्यानंतर त्यांना हे सर्व तंत्र शिकविले. आता ते ई-मेलवरून कुटुंबीयांच्या सातत्याने संपर्कात राहतात. इतरांचेही आई-वडीलही असेच संगणक

साक्षर असावेत, हीच आमची इच्छा आहे.
- रोमा जोसेफ
