Expert Lecture on “Mathematical Modeling”

Name of Resource Person: Prof. Dr. D. V. Patil, MET, Bhujbal Knowledge City, Nashik.

Date: 14th August 2014

Duration: 2 hrs.

Time: 3 pm to 5 pm

Coordinator: Prof. Kanchan Mahajan, Computer Engg Dept, SITRC, Nashik.

Venue: Seminar Hall, Computer Engineering Department, SITRC, Nashik.

Class: ME Computer(21)

Aim: To understand the project implementation and its phases.

Objective:

- 1) Students should be able to recognize the problem interpretation and refining it
- 2) Finding appropriate mathematical tools

Outcomes:

- 1) Students got knowledge about how to formulate the problem.
- 2) Students got a live example of mathematical modeling.
- 3) Students got knowledge about various tools of mathematical modeling

Summary

Department of Computer Engineering has conducted the 3 hrs expert lecture on “Expert Lecture on **Mathematical Modeling**” by Prof. Dr. D. V. Patil, Asst. Professor from MET, Bhujbal Knowledge City, Nashik. He is having around 20 years of experience in the field of teaching and particularly in this subject. This lecture was conducted for BE Computer Engineering Students. The students of BE were greatly benefited from the expert lecture.
